

Interview Tips – 1st Stage Interviews

Before Your Interview

- Dress appropriately.
- Allow enough time to arrive 10 minutes early.
- Research the organisation.
- Research the interviewer/s. via LinkedIn/the website
- Prepare to ask questions.
- Take your CV & a pad/pen.
- Turn off / do not use your mobile once you arrive.

Biographical Interviews

This tends to cover your career biography in chronological order.

- Be prepared to talk through your CV starting from the beginning.
- Anticipate questions you could be asked.
- Be positive and concise about your experience/s.
- Talk constructively about reasons for leaving jobs.
- Ask questions.

Competency Interviews

Competencies are key skills required for the job and they alone are the focus of the interview.

- Interviewers will invite you to provide situations as the basis for your answers.
- The STAR model helps you structure your answers: Situation, Task, Action, Results.
- Prepare situation examples.
- Ask questions.

After Your Interview

- Evaluate how you think the interview went.
- Reflect on how keen you are: positives & concerns.
- Phone your GY consultant/s to discuss your feedback. Clients like to hear back quickly.
- Talk to us about the idea of writing to the client to say thank you.
